# WELCOME

---

## Bewitched

*verb* enchant and delight; cast a spell

## Bedazzled

*verb* astound, dazzle, impress, amaze

---

BeWitched & BeDazzled was created last year as our inaugural fall festival. Indeed, the event reflected the meaning of the terms for those very words.

Our goal this year remains the same—to present a fun-filled event for all ages that brings our community together to celebrate the season, to appreciate the beauty of this historic farm, and to learn a bit of our history while doing so.

We've built upon the success of last year's event to bring even more exciting features to this festival: additional interactive activities, more presentations, more shopping opportunities among wider variety of vendors, and even an enlarged footprint for the festival, starting at the great Sycamore Tree of Chase Farm. It was after all where 'Salem Village' was built as a movie set by Disney for the filming of Hocus Pocus2 in 2021, which was the inspiration for this event.

Everyday hundreds of people visit this park who may not think about how fortunate we are to have such a beautiful piece of land preserved and protected against development. It is a slice of paradise to escape from the hustle and bustle of everyday life. Today, our festival provides a similar chance to escape into a world where we can all become children once again to enjoy the magic that comes with this season.

On behalf of the volunteers of the Friends of Hearthside, we wish you a day filled with enchanting moments that will bring lots of smiles and create wonderful memories. Thank you for joining us to make this such an amazing occasion in the Town of Lincoln.

## PERFORMANCES

### The Dance Factory

The Dance Factory of Lincoln returns to the BeWitched stage this year with their very talented students providing high energy performances to kick off the festival. The studio offers a variety of dance training for students. A competitive dance team is offered to those who wish to pursue dance on a more serious level. Each season, students are chosen based on their basic technique skills, focus and commitment in the classroom and eagerness to learn. Their acrobatic team consists of a group of students who excel in tumbling, control work and contortion/flexibility. The theatre program is all about finding and creating physical, mental, and emotional creativity. A part of the program includes singing technique and learning how to act and tell a story through song. Whatever program the student selects, the goal of The Dance Factory is to take dance education to a higher level, but most importantly to share team spirit and friendships to last a lifetime.

### Roxanne Jasparrò

Roxanne Jasparrò is the owner of Bewitched of Scituate. She is also a Witch, Psychic, Medium, Pet Psychic Medium, Reiki Master Teacher, and an artist. She grew up in the Salem area and received much of her knowledge about witchcraft from her early years there. As an adult, she used her artistic abilities to create unique witch hats in a shop alongside Laurie Cabot's shop, Salem's official witch. Roxanne now makes her home in the village of Scituate, RI. In addition to her charming shop there, she makes special guest appearances to inform the public on the ways of witchcraft today.

### Simply Enchanted

The Sanderson Sisters have been resurrected by the wishes of all of the lovely guests at the BeWitched & BeDazzled event once again this year, but in order for them to remain, they need to obtain a few ingredients from the audience in the form of songs. Is it all a bunch of Hocus Pocus? We'll find out during their wonderful performance! Simply Enchanted is Rhode Island's premier princess and fairy tale experience, making special events most memorable

with their singing and likeness to the characters they portray. They have been making magic since 2010 performing as some of your favorite fairy tale characters, such as the Sanderson Sisters.

(They are not affiliated with the Walt Disney Company).

### Mystical Mermaids

Mystical Mermaids' whimsical performances inspire children to save our oceans through magic and song. Learn some alternatives to disposable plastics so that the home of the mermaids will be safe and clean for generations to come! Mystical Mermaids was founded in 2021 by Amanda Sullivan. They perform throughout New England. The company combines her experience in education, love of the water, and lifetime of performance all into one fantastic experience! She is joined by Merman Matthew Jones who she met while they were performing together in a Renaissance Faire, her eleven-year-old daughter Lily Sullivan who has been swimming in a Mermaid tail since she was five, and their mer-wrangler Jerry Medina, who works with her at an elementary school.

Become an official mermaid friend and protector of our oceans with Mystical Mermaids! Be sure to have your picture taken with the mermaids at Blackbird Pond.

## PERFORMANCES

### Reverie Theatre Group

Reverie's talented group of actors will be portraying some of the 'townspeople' who were accused of practicing witchcraft in Salem in a stage performance created especially for BeWitched & BeDazzled. After their performance they will continue to interact with festivalgoers and engage them in conversation throughout the day.

Born from the belief that the greatest realities begin as impracticalities, Reverie Theatre Group is a little theatre company that unlocks big dreams. Reverie is a women-led performing arts organization that emphasizes overall theatrical process alongside performance, seeking to build an inclusive and welcoming community where artists are encouraged to unify, explore, and grow while practicing their craft. Reverie tells stories that present womanhood as a realm of profound subjectivity and boundless possibility. Formerly The Glass Horse Project, the Reverie Theatre Group is also the proud founder of Shakespeare in New Bedford and, in collaboration with the Rotch-Jones-Duff House & Garden Museum, will continue bringing free, accessible, and diverse summer Shakespeare to the community of New Bedford and beyond in 2024.

**Greg Lato**

Award winning family musician and songwriter Greg Lato has appeal to both young and old. Born and raised in Providence, RI, Greg was surrounded by music including his father, jazz sax player Vinny Lato, who owned an extensive vinyl collection that served as Greg's introduction to the world of music. At the age of eight, he started playing guitar and two years later began writing his own songs. Greg proceeded to develop instrumental chops on drums, bass guitar, and piano and took advantage of every performing opportunity that came his way. Identifying as a songwriter, Greg went on to compose for film, TV, and other artists. Greg has received numerous awards for his music. In 2020, his debut children's album, Create My Own World, reached the Top 15 on the iTunes Children's Music Chart and won both a Family Choice Award and Creative Child Award. Another of Greg's albums, Adults These Days, is an album of friendship, togetherness, family, and belonging that is filled with music as relatable to kids as it is nostalgic for parents. He has also recently released a children's picture book, Everybody Needs Someone.

### Endicott Dance Academy

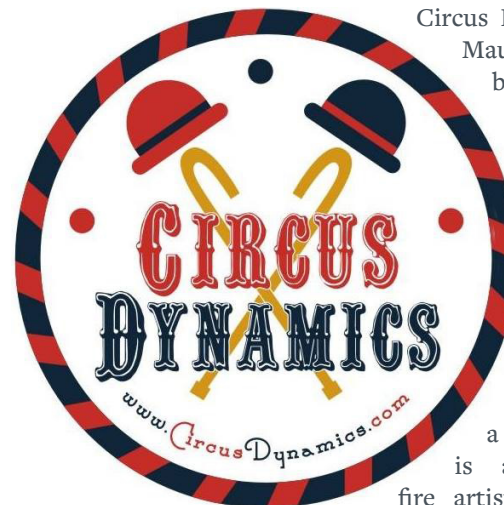

David Endicott has been a ballroom dance instructor for over 30 years. As a professional dancer, he won or was a finalist in numerous competitions in the US and Europe. David believes that the key to success in partner dancing lies not in patterns or footwork, but in feeling and understanding the physical connection between leader and follower. The Endicott Dance Team will be performing several ballroom and lyrical dance numbers at the festival; David will also be teaching short group classes at their tent.

Conveniently located in East Providence, RI, the Endicott Dance Academy offers:

- beginner-friendly group classes for adults and teens
- private lessons tailored to each student's needs
- wedding and quinceañera choreography
- lyrical dance workshops (monthly)
- social dances (monthly)

### Circus Dynamics

Circus Dynamics is pure FUN and founder Maurice Reid Eighme is a visual delight to behold. This most popular performer has been featured at Hearthsides' events many times. Maurice is a wildly-talented juggler, scholar and visual artist who performs interactive magic and hilarious stunts. His partner and wife, Casey Lumb, is a certified circus performer, who is a master with balance and hoops and is seen atop a pair of stilts as she levitates a wand. Sara Joy, the "Bubble Fairy" is an accomplished model, hooper, fire artist and small business owner, who

delights children of all ages with her magic bubbles. Watch for their Magic Show on the main stage, and morning and afternoon roaming performances around the festival grounds.
